

Handwritten notes in the top left corner, including "I hope you will like it" and "I hope you will like it".

1101 Geary Street  
San Francisco

California

June 7<sup>th</sup> 1911

My Darling Jeanie

I feel as if I must write you a few lines to night. I am up in my room and I have just been looking at, and admiring your picture, and I just wish you were here with me.

I am looking forward with great pleasure for the time when we shall be together. Dear Jeanie I hope you will not be disappointed in me of course I have changed a little since that night I met you 10/20/07

But I expect you will have changed a little also. But I can assure you Darling that I will try my very utmost to make you feel happy and comfortable when we get settled down together.

I do hope you will like San Francisco and that the Climate will agree with you. I am just longing for the time when we shall be together. Dear I am not going to settle on a house till you get here, and you can have a chance to look around and see the City and then we will settle down in a place that will be suitable to us both Now Dear just a few lines about the trains.

There are a great number of trains leave the Grand Central Station in New York for Chicago every day via the Lake Shore and Mic. Central these trains will land you at La. Salle Street Station in Chicago and from that Station in Chicago you can get the train for San Francisco on the Rock Island Route in connection with the Denver and Rio Grand. (D. R. G.) and the Southern Pacific (So. Pac.) the scenery on the above route is grand

There are also a great number of <sup>the</sup> trains leave the Pennsylvania Station in New York for Chicago they would land you at the Union Passenger Station in Chicago and from that Station

in Chicago you can get the train  
for San Francisco by the  
Burlington Route in connection  
with the Denver and Rio Grand,  
and the Southern Pacific.

Just be sure you buy a first class  
Railway ticket and a first class  
Pullman Berth ticket right through  
from New York to San Francisco,  
and make sure that you get into the  
through car from New York to Chicago  
and then the through car from Chicago  
to San Francisco. I have sent you a  
few maps that will put you a little on  
the Route, of course you will likely  
meet some people that are coming through  
and you could buy your ticket on the Route

They are coming with. A little about  
 your baggage You see after the Customs  
 People have passed it at New York you  
 will see plenty of Express baggage  
 carriers at the ship when you land  
 I think you will have to give your  
 baggage to one of them and he  
 gives you a check for each piece  
 and he takes it to the Station  
 wherever you are going to get  
 your train, then after you have bought  
 your ticket for San Francisco  
 you go to the Baggage room  
 at the Station and produce the  
 checks you got from the Express  
 Man and the party in the baggage  
 room finds your trunks and then

he checks them and punches your  
 Railway tickets, Baggage and have  
 them checked right through from  
 New York to 16<sup>th</sup> Street Station  
 Oakland or San Francisco  
 then you will not ~~to~~ require  
 to think any more about them  
 just you keep a hold of the  
 checks you get from the man  
 that checks your baggage at  
 the Railway Station till you see  
~~me~~ (me) and I will get your  
 baggage for you. Now Jamie I  
 think I will conclude hoping this will  
 find you well and happy with fond  
 love and the very best of wishes and  
 sets of A. S. Ever Yours Affectionately, Arthur
